

CANDIDATE PLEDGE

IF ELECTED, I WILL ENDORSE, PRIORITIZE AND WORK AGGRESSIVELY TO ENACT:

Publicly funded elections

To limit the influence of big money in campaigns by matching small contributions for all state-level races.

Elections and voting reforms

Automatic registration, expand online registration, and allow for early and mail-in voting to strengthen democracy.

Expand and protect the vote

Allow over 40,000 New Yorkers who are on parole to vote. Regulate the purging of voter rolls and provide resources for new training, support and oversight for boards of elections to make sure that voters are never unfairly removed from the rolls again.

Campaign finance reforms

Close the LLC loophole, lower contribution limits for candidates and committees, and limit transfers to put a check on how much money the super-rich can use to influence elections.

Ethics reforms

Eliminating pension benefits for convicted corrupt officials, a ban on personal use of campaign funds, sharp limits on conflicts of interest for lawmakers, and full-disclosure requirements for personal finances to make sure politicians work for all the people, not just the billionaires.
